Ultrasorbs Advanced Extra Strength Drypads

- ✦ Five-Layer Protection
- ✦ Skin-Friendly Design
- ✦ Advanced Control System
- ✦ Extra Absorbency
- ✦ Protection For Kids, Adults, Elderly And Pets

STRONGEST UNDERPAD:
Extra strength, durable backsheet has a weight capacity of 350 lbs for boosting and repositioning without rips, tears or punctures

MOISTURE-WICKING MATERIAL:
Soft and gentle on skin, topsheet fabric wicks wetness away from the skin to help prevent discomfort and skin breakdown, reducing the risk of skin breakdown

10 TIMES MORE ABSORBENT THAN TYPICAL UNDERPADS:
Compared to standard adult incontinence pads used in most hospitals, provides superior incontinence protection for bed and wheelchair bound people

QUILTED, SUPER ABSORBENT DESIGN:
Thick, non-bunching polymer core traps wetness and odors deep in the pad to prevent leakage and helping skin stay dry, comfortable and protected from moisture damage

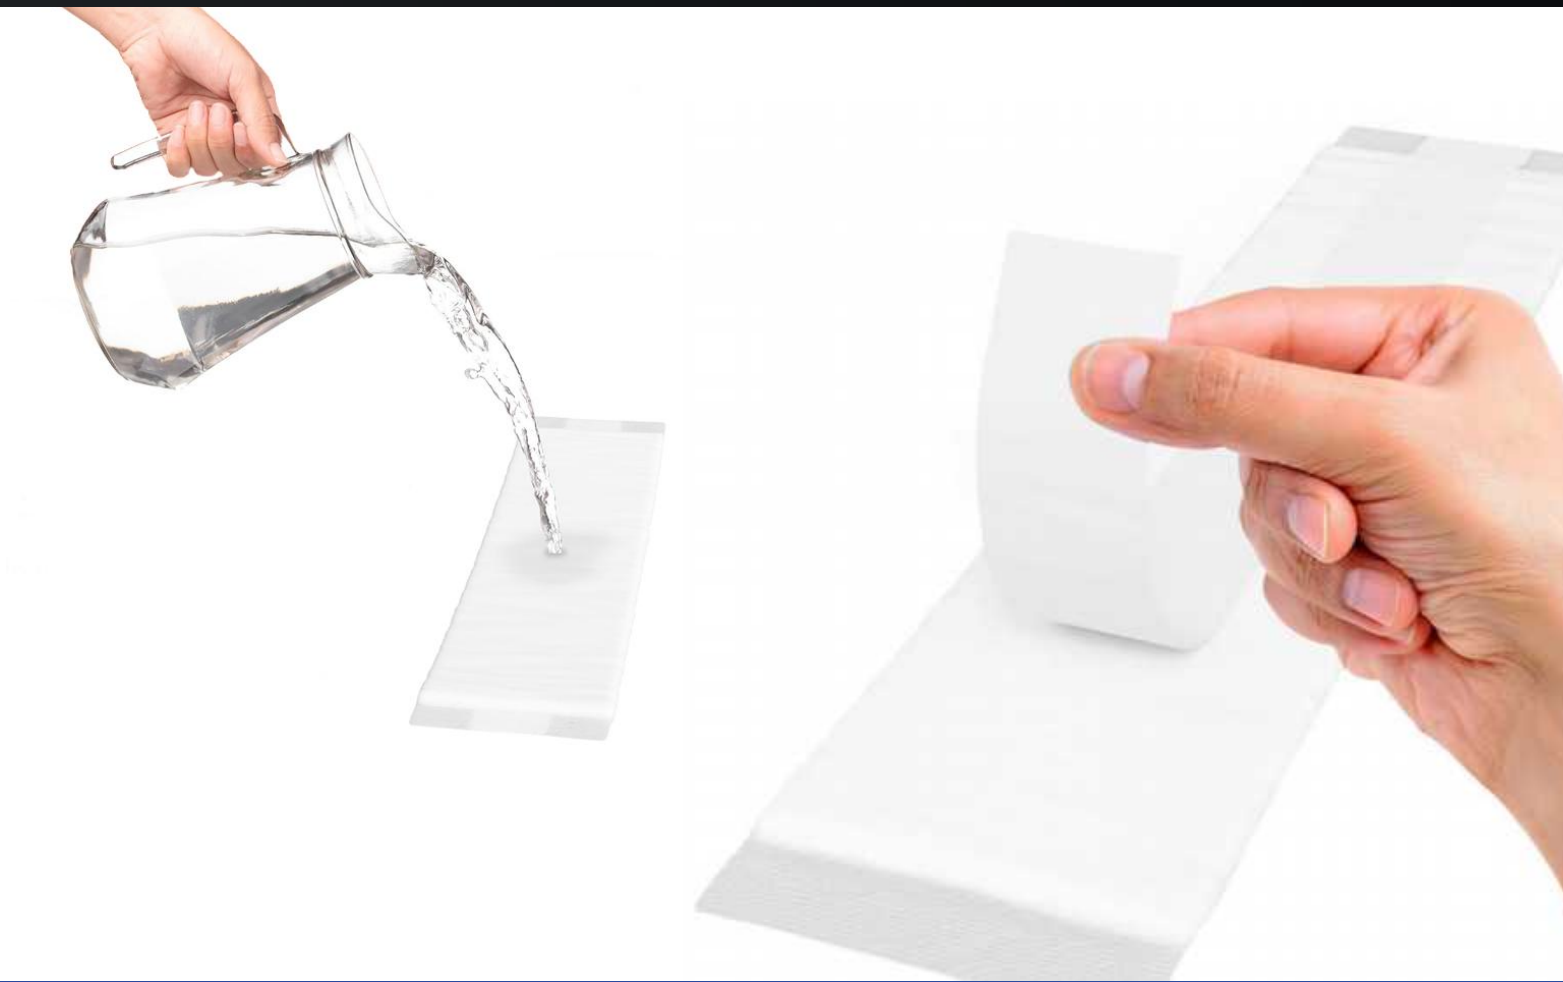

VERSATILE:
Healthcare-proven, large, high-absorbency pads are designed for incontinence care, protecting beds and furniture; made for bedridden people of all ages and those recovering from illness and surgery

ITEM#	DESCRIPTION	ABSORBENCY	PACKAGE

ESSENTIAL UNDERPAD

NAPPY LINER

Essential Underpad

HOSPITAL-QUALITY INCONTINENCE PROTECTION :
Designed for nighttime bedwetting, post-surgery recovery, maternity, and elderly care. Trusted in medical facilities and at home to keep sheets, mattresses, and wheelchairs dry.

THIN PROFILE, HEAVY ABSORBENCY:
Made with Thin-Shield Technology, these pads are slimmer in design but engineered with 5 protective layers for maximum performance. They absorb and lock in liquid within 30 seconds, proving that thinner pads can still deliver beast-level absorbency and drying power.

MULTIPURPOSE FOR BEDS & PETS:
The perfect size for both people and pets. Works as adult incontinence pads, toddler mattress pads, or dependable training pads for dogs. A reliable choice for caregivers, families, and pet owners who need everyday protection.

AVOID PUDDLES & IRRITATION:
Underpads are engineered to absorb liquids quickly and safely, keeping surfaces fresh and dry. Helps prevent skin irritation for people and stops pets from tracking urine across floors, so your home stays clean and comfortable.
